ESTIMATE

Services	qty	unit price	amount
Fountain Power	1.0	\$4,143.00	\$4,143.00

Provide and install conduit, wiring, breaker and support for (2) 30 amp 240 volt dedicated circuits with neutrals for (2) fountain control panels for the new pond fountains.

* Install (2) breakers in existing panel, feed conduit from the panel to a location 5' from the waters edge to a mount with concrete post and uni-strut support for the control panel to mount, each panel has a dedicated circuit with a neutral, then route a 2" conduit from each controller underground to the waters edge and extend out 3' into the water for the fountain wiring to be routed by the contractor to the panel. Contractor to terminate the fountain wiring in the panel.

* Sawgrass facilities personnel will remove and or make a path for the conduit run to the location at the lake.

Services subtotal: \$4,143.00

Subtotal	\$4,143.00
Tax (Exempt 0%)	\$0.00

Total \$4,143.00

If you have any questions or issues regarding the services provided , please call the office. We are here for you and willing to help you be satisfied with our work.

We greatly appreciate your business - thank you for choosing Crawford Electric.
