#	Services	Discount	Total
1	Sidewalk Cleaning Approximate Linear Footage: 2.6 miles  - Before & after photos of the sidewalk - Application of biodegradable cleaning solution to pre-treat concrete to help remove mold/algae/acorn stains and any organic stains. This will only be applied in the areas where heavy moss/algae was noticed. This is to reduce streaking/stripes left on surface which was noticed in some areas from previous cleaning company. In the "cleaner" areas of the sidewalk a pre-treatment will not be needed. - Surface clean sidewalks using commercial grade equipment  Project Notes: - Does not include driveways. If a sidewalk intersects with a driveway, we'll skip the driveway so they don't have a clean strip going through their driveway - Does not include removal of irrigation/rust stains on sidewalks - Irrigation pump will be used to fill water tank. I will bring hose to hook up to pump	\$0.00	\$6,400.00
		Subtotal	\$6,400.00
		<b>Grand Total (\$)</b>	<b>\$6,400.00</b>
